

Good News Gathering Life Group Grant Request

The GNG Extension Ministry has a Life Group Grant available to established life or task groups within GNG. The purpose of this grant is to assist life groups in completing a service project without undue financial hardship to group members. Projects need to be consistent with our purpose, vision, values and framework (see attached document for details), be outward focused and be open to all members of the group. The extension and/or leadership team reserves the right to determine if this project is consistent with our beliefs. Please be specific and detailed in this application.

Groups must complete the information below and submit the application to info@goodnewsgathering.org or to the church office. Applications are reviewed on a monthly basis, so please anticipate at least a month to receive a determination. A contact person must be identified on this application for further questions if applicable. A post-service interview with the group is required.

Name of life group: _____

Name of life group leader: _____

Name, phone number and email for contact person for this application:

Name of service project: _____

Description of service project:

How is this project aligned with our Purpose, Values, Vision & Framework (see PVVF attached):
